**OFFICE OF LEGISLATIVE COUNSEL**

**Friday - 20 July 1962**

1. (Unclassified - GLC) Mr. Gillead, in the Office of General Counsel, Office of the Secretary of Defense, called to say that Mr. Bartimo's meeting with John Conway on the staff of the Joint Committee on Atomic Energy had been put over from today to Saturday.

2. (Unclassified - GLC) Called Marion Csarnecki, on the staff of the House Foreign Affairs Committee, and told him that in checking with our people on Representative Edna Kelly's request for information on Soviet oil penetration in Europe and the role of [redacted] I learned that we had provided all the information we had to the State Department and that it was my understanding that State Department had been in touch with Mrs. Kelly. Told Csarnecki that, therefore, it would be somewhat repetitious for the Agency to cover the same ground. Csarnecki said it sounded like we were trying to "duck his request" and asked if we would at least provide him with a paper on the more recent information we had on this subject. I told Csarnecki I would check further and be in touch.

I talked again with Jack Leahy, in the State Department, about the possibilities of our providing Mrs. Kelly with precisely the same information which the Department has already given her. Leahy thought this was a good solution and he told him I would give it further thought.
